ProblemPoker.com is Proud to Announce the Arrival of it's New Gambling Software Package

ARLINGTON, VA. May 23, 2008 - ProblemPoker.com, a provider of gambling addiction software, announced the release of Version 1.2 of its Gambling Prevention Filter. ProblemPoker.com, a website directed toward encouraging responsible gambling and helping individuals stop gambling online, added many new features including an optional sponsorship feature at no additional cost. During installation, a user will be given the option to enter an email address of a "sponsor" of their choice. During browsing, if the user repeatedly attempts to access websites relating to online gambling, the Internet filter will send a message to the sponsor.

ProblemPoker.com currently offers a 6-month and 12-month gambling self-exclusion program. The program revolves around the powerful Internet filtering software package, which will guard a user's computer from any content offering online wagering activities. The 6-month exclusion is currently offered at the low price of \$28.99 per six month period, and the 12-month exclusion is currently offered at the low price of \$51.99 per twelve month period. Essentially for less than \$5.00 per month a family or an individual can protect themselves from gaining access to online gambling opportunities. Individuals can download the new version by visiting the ProblemPoker.com sign up page at <http://www.problempoker.com/signup.htm>.
